## KEYBOARD SHORTCUTS CHEAT SHEET

Take 10 minutes to learn these shortcuts  
and save yourself 60 hours a year!

Save yourself loads of time every day by speeding up your social network browsing with some lightning fast keyboard shortcuts!

We've put together a list of keyboard shortcuts for Twitter, Facebook, YouTube, Tumblr, the web browser, & Slack. It's a handy little list up with a specific command that would otherwise be accessible through a menu via a click of a mouse button.

These shortcuts allow you to bypass the need for mouse clicks and movements and get you to the function you need in the fastest possible way.
